

ESSENTIAL INFORMATION FOR MOVING HOME

WE'LL MOVE YOU THE EXTRA MILE

WHEREVER YOUR MOVE, WE'LL BE THERE EVERY STEP OF THE WAY.

Bishop's Move is one of Europe's largest and most experienced removals companies. With over 150 years of moving experience and a global network, we've got the know-how to move you and your house contents anywhere in the world.

No matter if you're moving within Gibraltar, to or from Gibraltar, or even further afield, we're here to help. From planning and packing, to shipping and delivery to your new home, we can manage every part of your house move.

The key to a stress-free move is careful planning. Our expert moving consultants will work with you to ensure that your move goes without a hitch from start to finish.

We will guide you through the various options, from packing and transportation through to routing and delivery, including airfreight and deep-sea services should you require them.

With Bishop's Move, you don't need to worry about red tape or small print either. Instead, you can take advantage of our expertise in preparing international paperwork and trust us to deal with complex customs regulations. We undertake literally thousands of house removals every year and have the experience to handle anything you throw at us. We'll even spot any issues before they arise.

PACKING OPTIONS

MAKE LIFE EASIER WITH OUR EXPERT PACKING SERVICES.

You can pack or we can do it for you!

If you choose the latter, a team of professional packers will carefully pack each item for you, making sure it is suitably wrapped for transportation. If any items need to be specially wrapped for export to or from Gibraltar, we can do that too. No matter how fragile or awkward the item, we have a packing box or packing material to protect it.

If you do decide to pack yourself, we can advise on the best materials and packing boxes to ensure your belongings stay safe at all times.

- Professional handlers to pack and unpack your delicate and valuable items.
- Options for part packing or more simple removals.
- Specially designed boxes and packing materials available.
- Removals insurance available from Bishop's Move.

STORAGE SOLUTIONS

A FEW MONTHS BETWEEN MOVES OR SOME PIECES JUST TOO BIG? OUR STORAGE SOLUTIONS CAN HELP.

Bishop's Move is the only removal company who can offer secure containerised storage in Gibraltar. Our fully alarmed and insured warehouse facility gives you the flexibility to store almost anything, from just a few items to your entire house, long or short term.

Whatever you choose to store with us, your possessions will be itemised and packed into bespoke wooden containers to ensure they stay clean and secure. When you need access to your items, our advanced retrieval system ensures that we can quickly locate them whenever you need them.

If you're moving back to the UK and need temporary or longer term storage, we have the same high quality, secure storage facilities all over the country so you'll never be far away from your effects.
