CLIENT'S REQUIREMENTS

Bupa is a health and care organisation with more than 10 million customers in 200 countries. This relocation required moving 2450 staff from their existing offices in 3 buildings in Manchester in June 2018 to a new purpose-built facility in Salford Quays.

OUR SOLUTION

- Detailed planning and on-site surveys
- Transfer of staff over a phased programme of 80 staff per day for 31 days
- Clearance work has been completed in 2x two-week phases with furniture being resold, donated to charity and recycled ensuring 0% landfill targets were achieved
- Local branches provided crews of up to 30 men and 9 vehicles per day to complete the move on time

Bishop's Move successfully delivered all phases on time, with minimum disruption, despite access restrictions being in place in one building where 5 floors were occupied and no lifts were available for use.
