Bishop's Move have over 165 years of unrivaled experience in the removals and storage industry, with a network of 25 branches across the UK, as well as in Spain and Gibraltar. We provide competitive commercial relocation services, including move management and IT Recom & Decom.

CLIENT'S REQUIREMENTS

The Peabody Trust, one of London's oldest and largest housing associations, required furniture clearance from 2 central London sites; Queen Elizabeth Street and Westminster Bridge Road. With evidenced re-use of at least 90% of the product in charitable or other evidential good causes within two months of final removal date.

OUR SOLUTION

Bishop's Move successfully delivered this office clearance on time with the added advantage that 100% of all items were donated to charity. Not items were recycled, re-used or sent to

Our partner charity, Sense, were able to raise over £6,200* in vital funds to help support their work with people who live with complex disabilities.

*The money raised was enough for 4 children or young adults to attend a week long holiday, facilitated by the Sense Holiday programme. All accommodation, travel, food and activities are fully funded, with fully trained staff and volunteers in attendance. The cost per attendee is normally £1,500.
