Moving to The Netherlands

Whether your moving to or from The Netherlands Bishop's Move can help with your removal. Our service can include the full export packing and wrapping of your furniture and personal effects, or you can chose to pack all the small items into cartons yourself prior to moving and leave us to protect your furniture.

What Can I Expect From Bishop's Move?

What Services Do We Provide?

We offer a range of removal services including the following:

Direct Load

We pack, wrap and protect your furniture and household effects, then load onto one of our dedicated specialist removal vehicles. Our team then travel directly to your new home and deliver on a date that is suitable for you. We also offer an unpacking service.

Part Load

Your furniture and household effects are packed and collected on an agreed date and then taken to our safe secure warehouse. Our team will then agree a delivery time frame with you and once a schedule is planned we will confirm a delivery date. This is a more cost effective way of moving as you only pay for a proportion of our vehicle.
